Dear Resident / Family:

Senior Medical Services is now providing eye care for our residents. The services include complete eye care with tests for glaucoma, cataracts, visual acuity and refraction for eye glasses. An Optician will also be available to adjust, repair or select eyeglass frames when necessary.

The eye examination is covered by Medicare and / or private insurance on an assignment accepted basis, only deductible and / or co-pay will be billed to the resident. Examinations are performed annually, unless medical necessities require more frequent visits. Eyeglasses will be billed at a Senior Citizen rate and will not be made without approval of the responsible party.

Please indicate below whether or not you would like to utilize this valuable service.
